If you are rowing on a river against the current, you will have to row continuously in order to progress against the flow of the river. If you stop rowing and relax, you will eventually flow with the current. The trials will all show the answer to one main question: Are you going to look out for yourself as the world does, or are you going to live a self-denied life? Learn to fix your focus on the end result, not the struggle. So do not look at the offense. Look at the coming glory.

## The Priority Road

(M. J. Machala, A. P. Szeliga, B. Koch)

5:06

Show at hall of reverb

Gonna have a good time

Guitar tone and riffs chain

Come into your brain

Classic sound of Marshall

Whola lotta basses

Gotta work to gain

Headbangers again

chorus: *Stay on this road They have been sold It's ten o'clock Look here*

*Stay on this road What they have brought !? Priority My Dear !*

Demo on the internet

River between two towns

Own germanized language

Wasser Rock we play

False Prophet with Covid

Bigbeat Olsa sound

Vaccines' death and terror

RNA error

chorus: *Stay on this road They have been sold ...*

Like a demon or a rebel

Thorny crown on your head

Three decades in darkness

Boby Center remains

No drugs and alcohol

Escape to YouTube

Do not stop for nothing

Solid man's running

chorus: *Stay on this road They have been sold ...*

No one else is comin

Anything else matters

Ash to ash and dust

Maybe your lost trust

Delay, echo, boosters

Knobs, faders, the meters

Our Dearest Misfits

We're here for you

chorus: *Stay on this road They have been sold ...*

## 1914 'N' 2014

(M. J. Machala, A. P. Szeliga, B. Koch)

3:10

Imprisoned in trenches at war

Christmas 1914, still alive-oh wow

Thee eunuch thus

Emperor and King:

Look ending is near

Shots, shots, shots come here

Slave of Fear, *oh no !*

Brave Old World bye bye

chorus: *How to survive? So you can tell*

*How to escape? Now you can tell*

*Now it's time to fight !!!*

Trapped in a bait of evil with Latté

In late 2014 and so until now

Wasted time, oh no !

Overkill needs your faith

'Cause World isn't safe

Look overkill comes near

Wasted years fuck off

Wasted age goodbye

chorus: *How to survive? So you can...*

Say hello or goodbye

Nothing can we do for you just now?

You die, old man

And we break

Your hope

You...forever

chorus: *Gott mit uns und Teufel unter uns*

*Unter uns gesagt*

*Kanonenfutter*

*Gott mit uns und Teufel hinter uns*

*Über uns gesagt*

*Kanonenfutter*

You´ve survived the front

So you wanna live

Remember

The cost isn´t for you

Away

Subhuman of Pimpfe

Slavic with Volksliste

Fool

chorus: *Gott mit uns und Teufel unter uns ...*

In the days of chaos

With the hell on Earth

On the ground of Armageddon

*(M. J. Machala, A. P. Szeliga, B. Koch)*

3:10

Please don´t tell us to stop it now

We want to live our dream

How much pain now before a wow

No more the crap-it´s a clean

Oh don´t tell us to fuck it now

We ain´t the fools it seems...

So much pain now, you ask me why?

No more your lies-it is a sin

*Yes, Autonomy-right*

*A. D. 2020*

*Ja, Autonomia-genau*

*Yes, Autonomy-right*

Break it down and hate them all

Fake news that kill our faith

Pull off the pride that builds the wall

Your ignorance-it´s a grave

You don´t tell us to hit it now

We can´t be blind it seems...

Too much...? B´shits !!! Don´t ask me why?!

No more ! Don´t cry-comes green
